AI-Generated Insights & Recommendations

1. Impulse Purchase: Item 4
High-value entertainment item purchased at Starbucks, a store not typically known for such high-ticket items.

2. Impulse Purchase: Item 2
High-value transportation item purchased at CVS, a pharmacy/convenience store, which is unusual.

3. Impulse Purchase: Item 1
High-value health item purchased at Best Buy, an electronics retailer, indicating an unplanned diversion from typical purchases.

4. Impulse Purchase: Item 1
An unusually high-value dining purchase at Shell, a gas station, suggesting an unplanned significant meal or snack stop.

5. transportation Spending Trend
Decreasing: Significant decrease in spending from January ($265.19) to February ($72.16), possibly due to reduced travel or finding alternative transport methods.
